Grilling Safety Tips

- Keep your grill at least 10 feet away from your house, garage, carport, or porch.
- Clean your grill regularly. Grease and fat buildup are the major source of flare ups. A crunched up ball of foil works well if you don't have a cleaning tool.
- Keep a spray bottle of water and a fire extinguisher handy.
- NEVER turn on the gas while your grill lid is closed. You don't want a fireball exploding in your face!
- NEVER leave a grill unattended. Plan ahead so all of your other food prep chores are done and you can focus on grilling.

Post Your Grilling Photos on Facebook!

'Tis the season! We'd love to see photos of you grilling. Post 'em on our Facebook page during the month of June and we'll put your name in a drawing for a FREE Chocolate Goopy Butter Cake! Doesn't it feel great to finally be outside enjoying the fresh air?
